- Checkpoints will be for us to see how you are progressing and for you to submit material that you may need a little help on, or that you may have questions about *before* you test.
- When you are ready to test please reach out to Guru Derek. It is highly recommended that you check in before testing to get some advice and help you prepare to test.

Testing

- Testing fee is \$20
- **You must test to pass to the next Level.**
- Testing is done by a Guru and is submitted through video or on Zoom.
- You are expected to engage with the instructors in this course by providing video feedback. This is not intended to be a video rental service, but rather a training experience. I want to make sure that all students are given the opportunity to have access to a Guru at all times and that they get individualized training. This will allow us to make sure that you get the most out of your training.
- Video submissions allow us to critique your movement and give constructive feedback to help you reach your goals. It could mean the difference between life or death in a combat situation so we want to be sure you are learning correctly just as you would in a school.
- This course is intended to be trained on your own time and at your own pace. The frequency of feedback is flexible as is testing time frames. I just want to be sure everyone is getting the most out of their training.
